Dear GCC Community,

On February 6th, 2025, President Hernandez outlined the exploration of an Academic Affairs Reorganization at GCC noting a committee of Faculty Chairs and Faculty Senators exploring this work. The Academic Reorganization Committee (ARC) has been discussing how academic areas could best be organized to promote student success, efficiency, and innovation. We are pleased to share updates on the work ARC has been doing. Over the past three months, we have met eight times to gather insights and review structures that support students, faculty, and staff in achieving academic excellence.

What We've Done So Far:

Collected data and suggestions from various stakeholders, including:

Faculty Chairs

Occupational Program Directors

Director of Strategic Planning

Institutional Research

Academic Deans

Vice President of Academic Affairs

Our next goals are to continue gathering data (including feedback from students), review this information, and explore how faculty service areas (FSAs) and programs are grouped. We will continue to seek feedback from faculty and employees from the campus community. If at any time you'd like to provide feedback to ARC, please reach out to one of the committee members listed below or submit your thoughts in [this linked form](#).

Our ultimate objective is to make stakeholder-informed recommendations to President Hernandez that will help organize academic affairs in a way that best serves our students and enhances their academic experience.

We appreciate your engagement and encourage you to participate in this important discussion. Please reach out with any questions or feedback.

Best regards,

Academic Reorganization Committee

Karina Sokol

Kim Feld

Steve Kadel
