Dear GCC Campus Community,

We hope this message finds you well. We are writing to provide an update on the ongoing work of the Academic Reorganization Committee (ARC).

First and foremost, while we are tasked to explore various specific ideas about reorganization, we want to emphasize that **no decisions have been made** regarding any potential changes. Our committee remains in an exploratory phase, and we are committed to an inclusive and thoughtful process.

Since our last communication, we have begun meeting with faculty members across various academic departments. These conversations have been invaluable, providing us with important feedback and perspectives that will guide our continued exploration of the organizational structure of Academic Affairs at GCC. We are working to ensure that all departments have an opportunity to engage with ARC, so if you haven't had the chance to speak with us yet, we look forward to meeting with you in the Fall.

We have also heard your requests for more communication and more informational updates. In response, a small sub group of ARC is dedicating time this summer to developing a website—a central landing page to keep the college community informed on all things ARC. We look forward to sharing that with you soon.

Thank you for your continued engagement and support. If at any time you'd like to provide feedback to ARC, please reach out to one of the committee members listed below or submit your thoughts in [this linked form](#).

Warm regards,
