DISCUSSION

- | | |
|-----------------------------|-----|
| 1. 4DX Report Out (2-2:15p) | All |
|-----------------------------|-----|

- a. At previous meeting we talked about having a data review on Aug. 7 on retention to narrow down the college wide focus around the “why”. Raechel has shared some retention data for the CSEM work Lou has done - Lou will share this data with the team. Lore will compare the data Lou shares with the data she has received from Raechel. Raechel will be invited to our next meeting.
 - i. Focus could be on fall to spring or fall to fall persistence rather than course retention so that the focus is not only in the classroom but college-wide and it could be narrowed down even further the next time.
 - ii. Another option could be to focus on withdrawal rates.
 - iii. Message needs to be around the what, why and how we can all accomplish the college goal together doing our part.

Will have to do trainings upon initial hiring and then annually but at this time not sure under which year of regulations.
 - 1. VP councils are redlining the regulations. District legal will provide more detailed direction on next steps.
